Subject: presentation on April 29-30

Hi Jan,
We should be able to give a presentation to your group during our visit in April. I understood that you would like to have timelines, QC methods, and Report writing methods presented. Is there anything else that you would like to have presented at that time? I'd appreciate an email or call to discuss.
Also, as I said, it would be very good to have the final version of the SAP by April 19th so that we could give more valid estimates of timelines, etc.
We looking forward to our visit and discussing the project with you all.
Best regards,
Eileen
